

# GREEN RECOVERY

**Awwad Salameh**  
In-Country Facilitator

26<sup>th</sup> July 2021

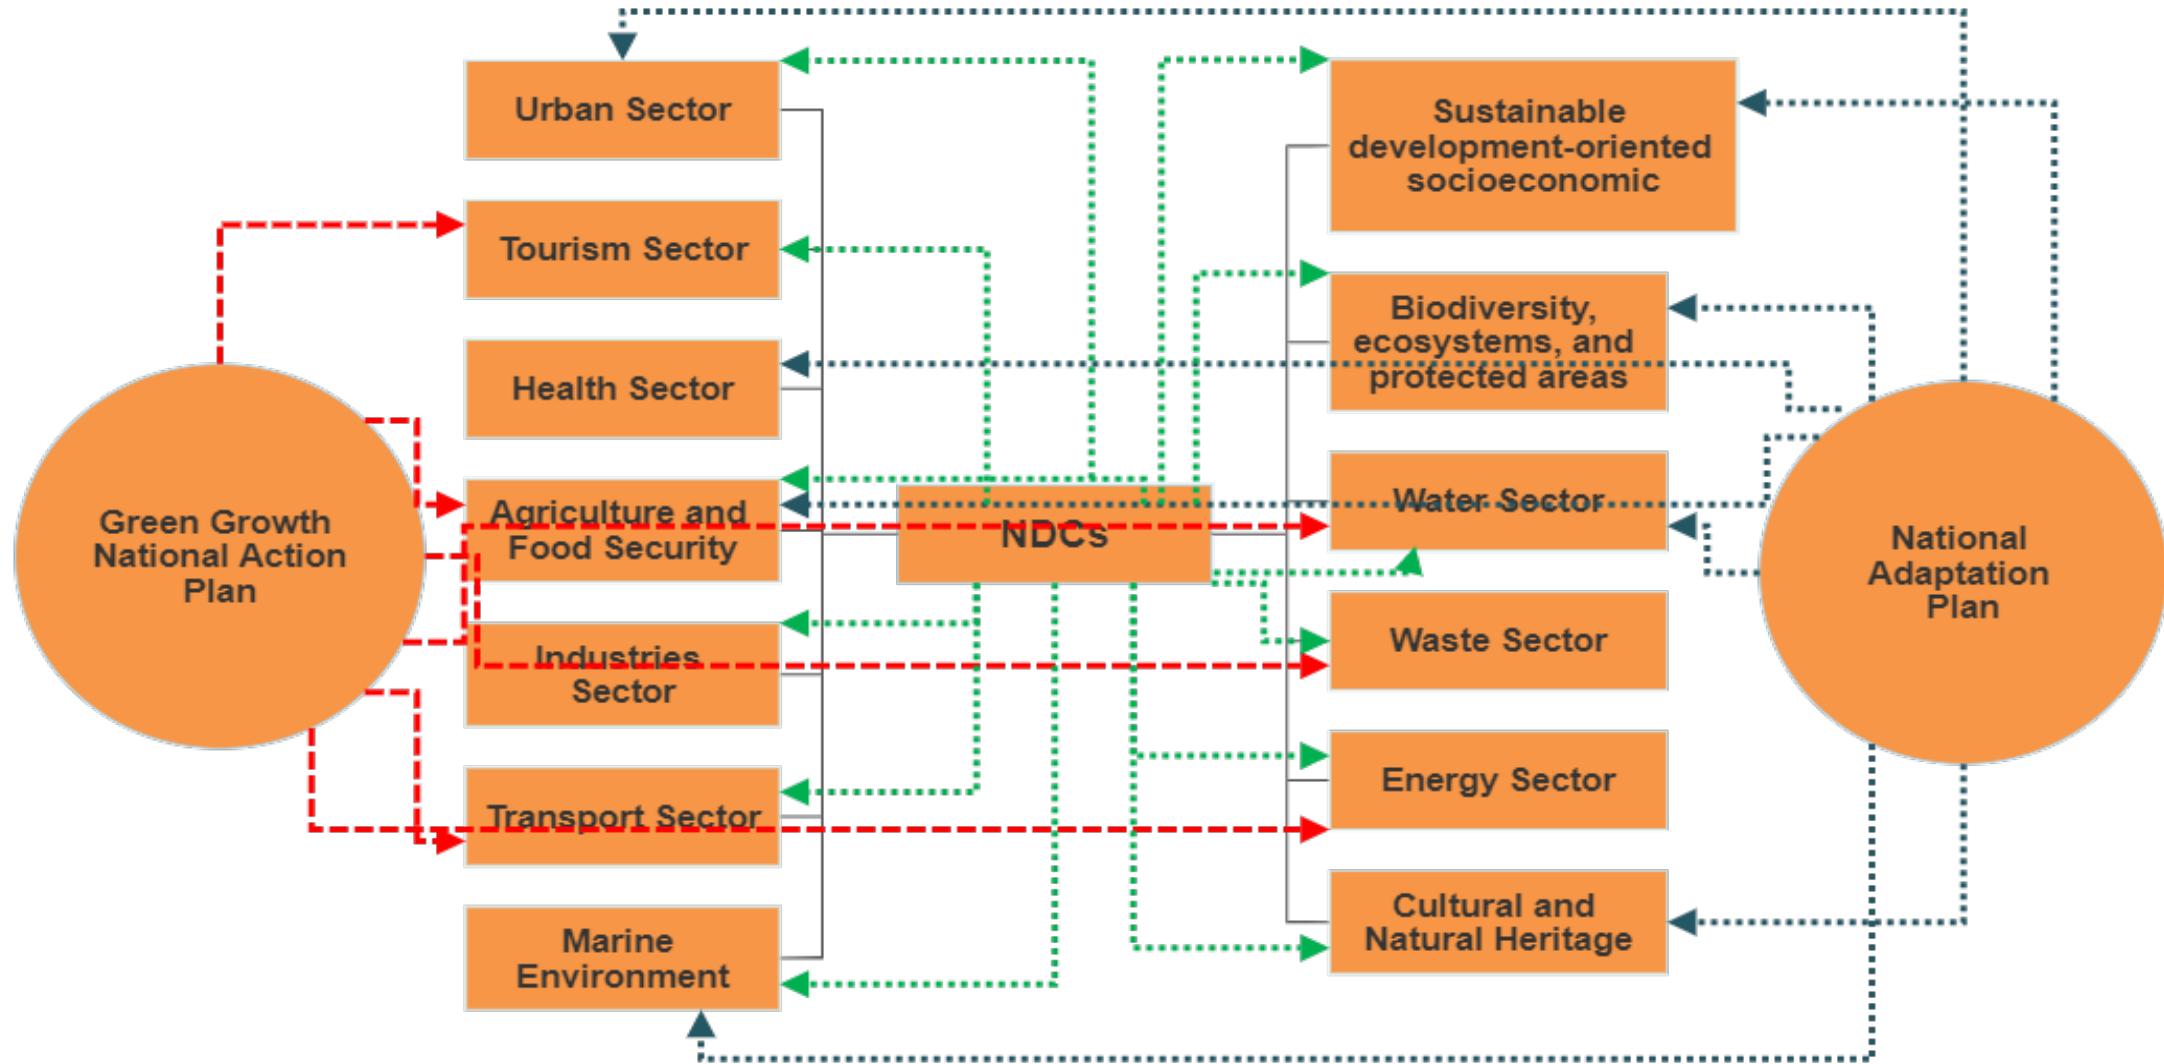

# TODAY'S PRESENTATION

- Why We Need to Shift to **Green Recovery** After COVID-19?
- NDC is a comprehensive program
- Country Experience and readiness
- Build Back Better

# GREEN RECOVERY IMPORTANCE

- **Supporting country to recover, repair and emerge stronger from the crisis**
- **Helping private investment to get moving again**
- **Protecting Jobs**
- **Learning the lessons of the crisis and addressing Jordan's strategic challenges**

# NDC IS A COMPREHENSIVE PROGRAM

# COUNTRY EXPERIENCE

## ❑ Mainstreaming of NDC AP and GGAP into national and sectorial Plans.

## ❑ Skills for a digital age

- Youth Digitization Program; workforce and for consumers; modernizing education across the Jordan; and anticipating skills needs for a Digital Jordan

## ❑ Supplementary policies to provide liquidity

- Interest and principal repayment deferrals
- Set up special financing facilities

## ❑ **P for R Program** improving the private investment environment and improving opportunities for private sector to support a climate responsive recovery and readiness to access external climate finance in transport, energy, water, and tourism, which will enhance Jordan's ability to attract climate investment to achieve its Paris Agreement goals;

# COUNTRY EXPERIENCE

## □ CAEP

## □ Green Recovery Support

- Report on assessment of the COVID-19 impact on macroeconomic framework, analyze economic and social impact of COVID-19, with focus on Tourism, Agriculture, Health and Energy sectors

■

# BUILD BACK BETTER

“COVID-19 pandemic should not be used as an excuse to ignore climate risks. instead, let's put it in magic as a momentum to **building back a sustainable & resilient future**”

**THANK YOU**
